

# On The Right Track Rental Program

Introducing the OTRT Curtain Rental Program, a partnership between **LHLS** and **MIP** that simplifies curtain management. Enjoy seamless integration, hassle-free laundering, and inventory solutions - all while enhancing Infection Prevention and Control (IPAC) Standards.

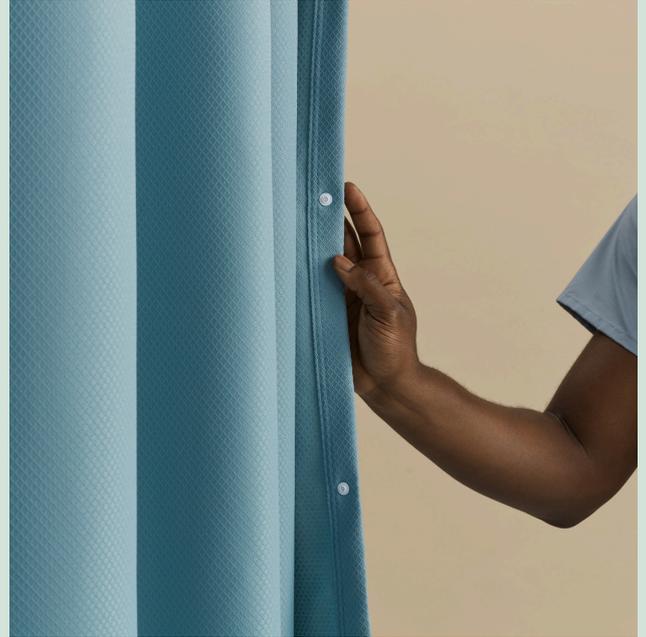

# The Product

## On The Right Track Interiors System

The On The Right Track<sup>®</sup> system transforms cubicle curtains with silent, quick-change, **hook-free design** and universal height, ensuring durability and ease of use.

Compliant with Canadian fire codes, it simplifies maintenance, fits existing setups, and **boosts efficiency and satisfaction**, all while eliminating the need for ladders.

## About the System:

- The On The Right Track<sup>®</sup> system offers flexibility, durability, and ease of use with its innovative features:
- Eliminates stuck hooks or carriers.
- Ensures silent curtain movement.
- Allows for easy adjustment to a uniform curtain height.
- Features a patented design for quick curtain changes.

**Design:**  
Available in 90" L Oat and 82"  
L Muted Indigo colours

## Why Choosing OTRT:

### Greater Savings

Save on man-hours, workers' compensation claims and reduce hospital acquired infections (HAI).

### Faster

Install or replace your cubicle curtains in less than a minute.

### Infection Protection

OTRT system allows for quick removal and installation, eliminating obstacles to maintain IPAC standards.

# About The Program

## How It Works:

- **Integrated Delivery:** Curtains are provided with your regular linen service, ensuring no additional logistics.
- **Hassle-Free Management:** LHLS handles laundering, replacement, and rotation of worn curtains, freeing staff from these time-consuming tasks.
- **Seamless Billing:** Rental costs are integrated into your existing operational budget, with no upfront cost for the curtains.

---

## Why Choose the Program?

- **Simplified Operations:** Your facility benefits from LHLS' trusted service infrastructure while accessing MIP's high-quality curtain solutions.
- **Enhanced Compliance:** Regular replacement and professional laundering meet the highest infection prevention standards.
- **Proven Reliability:** Backed by a partnership with a trusted healthcare textile provider and adopted by over 400 facilities across Canada.

# Key Features & Benefits

The OTRT Curtain Rental Program redefines curtain management by eliminating the need for in-house laundering and inventory control. Curtains are delivered on your regular linen carts, making adoption seamless. This fully managed service ensures that soiled curtains are removed, laundered, and replaced regularly to maintain IPAC standards.

## IPAC Compliance

Frequent and efficient curtain changes help meet IPAC regulations by minimizing cross-contamination risks and maintaining high infection control standards.

## Staff Efficiency

Simplified curtain handling enables staff to spend less time on routine tasks, allowing more focus on patient care.

## Cost Savings

Rental fees cover all maintenance, laundering, and replacement of curtains - eliminating hidden fees associated with curtain management.

# Imagine a world where curtain management is no longer your responsibility...

The OTRT Rental Program offers an innovative and efficient solution for purchasing, laundering and replacing your cubicle curtains.

## No More Linen Management

Eliminate the hassle of dealing with torn or damaged curtains. The OTRT program handles the quality control to streamline your linen process and keep your facility running smoothly.

Forget the complexity of managing various curtain sizes. Our standardized approach makes sorting, installation, and inventory control effortless.

## Standardized Sizing & Sorting

Less time spent managing, sorting, and replacing curtains means more resources for what really matters—patient care.

## Reduced Labor Costs

Simplify your logistics and workflow. The OTRT program integrates smoothly with your existing linen operations, making procurement and maintenance a breeze.

## Improved Logistical Efficiency

## Procurement Made Easy

Procurement is streamlined through LHLS to ensure you always have inventory of the right curtains when you need them.

# Rental Program Savings

| Track Footage (ft) | Curtains Hung | Savings/Year (Over 5 Years) | Cost on Stock | Maintenance Cost | Included Services   |
|--------------------|---------------|-----------------------------|---------------|------------------|---|
| 114                | 28            | +9%                         | Free ✓        | Free ✓           | Quarterly panel changes + 420 isolation/discharge cleans annually |
| 524                | 118           | +12.3%                      | Free ✓        | Free ✓           | Quarterly panel changes + 420 isolation/discharge cleans annually |
| 664                | 160           | +14%                        | Free ✓        | Free ✓           | Quarterly panel changes + 420 isolation/discharge cleans annually |

This comparison shows that our rental curtain program provides significant financial and operational benefits, including savings and services that eliminate hidden ownership costs.

## 1 Savings (\$)

Significant cost reductions compared to purchasing outright, depending on the track footage and number of curtains hung.

## 2 Maintenance-Free

Curtains are cleaned and replaced quarterly, with isolation/discharge cleans included in the rental price.

## 3 More Convenience

All services are bundled into one simple program, ensuring consistent quality and IPAC compliance.
